Got shot for 3 cans of bean, survived, only later to be handcuffed by the same 3 men that shot my knee

As I lay there on the ground pondering as to whether I would survive the encounter with the bandits in Chernobyl, my trousers were stripped from my almost dead body, this was suddenly followed by an influx of rotten fruit being ramed down my throat and disinfectant to wash it all down with.

Seconds later my captors were shot by a hero, the hero came up to me looked me in the eyes as I gazed into his, he un-handcuffed me, I felt as if he was going to hug me. But then faster than a whip crack he blew my head off and stole me ♥♥♥♥in' beans. 11/10 would play again.
